## **Activity by Agency**

Description: This report provides an overview of how many times each agency responded to something within the Venue selected. This has nothing to do with who was primary, but simply shows activity within the area. For instance, an assault may have two KSO units responding, one KDPs unit, and a WMUDPS unit. This would generate more call tally for each agency. Likewise, a single unit raffic stop by MSP would generate a single tally for MSP. This report includes all (Law Efforcement, EMS, and Fire) disciplines. Note: ATLs, BOLS, and other administrative events are excluded.
