

Building Permit _____
Electrical Permit _____
Sign Permit _____

CHARTER TOWNSHIP OF OSHTEMO
KALAMAZOO COUNTY, MICHIGAN

CONFIRMATION OF CODE COMPLIANCE FOR SIGN INSTALLATION

The undersigned, as the party installing a sign in Oshtemo Charter Township, confirms that the sign(s) will be installed in accordance with Appendix H of the Michigan Building Code (hereinafter the "Code") in that (check appropriate box):

- Wall Sign: The wall sign(s) is/are constructed of materials as required in Section 6 of the Code – a sign greater than 40 square feet shall be of metal or non-combustible materials; a wall sign shall be attached in accordance with Section H111 of the Code.
- Ground-mounted Sign: The ground-mounted sign(s) shall be designed to meet the wind and seismic loads, as well as stress loads, required by Chapter 16 of the Code. The ground-mounted sign(s) shall be securely attached to masonry, concrete or steel and fastened by means of metal anchors, bolts or approved expansion screws of sufficient size to support the loads applied.
- Pole Sign: The structural frame of the pole sign(s) shall be of non-combustible materials sufficient to handle the wind, seismic loads and stress loads as provided by Section H105 of the Code. As evidence of the same, the undersigned has submitted herewith a set of sealed, engineered drawings for review and approval by the Oshtemo Charter Township Building Department.

All signs with a foundation will require a Building Permit.

All illuminated signs will require an Electrical Permit.

All signs must comply with the size and setback requirements and limitations of the Oshtemo Charter Township Zoning Ordinance.
