5. Description of Work

Provide a description of the proposed work. For alterations to existing structures, list the area within the structure of the proposed work. Be as specific as possible.

6. Instructions & Disclaimers

- A. The work described in this application shall not commence until the permit for said work has been issued by the Building Department.
- B. No work shall be concealed until it has been inspected and approved.
- C. When ready for inspection, contact the Building Department providing as much advanced notice as possible. Inspection requests require at least 24 hours' notice.
- D. Permits are valid for 180 days from the date of issuance. If work is not completed by the expiration date, you may request an extension. Extensions are granted at the sole discretion of the building official. A permit shall be deemed abandoned if work has not commenced within 180 days after the issuance of the permit. A permit may be closed when no inspections are requested prior to the expiration date of the permit. Closed and abandoned permits will not be refunded, and new permits shall be required should any abandoned work resume.
- E. Submit the completed application and all applicable supporting documentation for review. Please refrain from submitting documents piecemeal. Doing so will delay the processing of your application by our staff.
- F. Once the review of your application is completed, we will calculate the permit fee and assess any 3rd party review fees. You will be notified that the permit is ready for pickup, and you may pay the fee at that time.
- G. Checks may be made payable to "Oshtemo Township". Credit/debit card payments are accepted in-person and online. There is a 3% processing fee assessed by our payment processor for credit/debit card payments. This 3% processing fee is non-refundable. Cash payments are accepted in-person only.

7. Applicant Signature & Affidavit

- I hereby certify that I am the owner of record or a duly authorized agent for the same for the property indicated within this application. I certify that the specifications and plans are true and complete and contain a correct description of the building or structure, lot or parcel, and proposed work. All work shall be installed in accordance with the Michigan Building Code and all other applicable codes, standards, and ordinances. Work shall not be enclosed, covered up, or put into operation until it has been inspected and approved by the Electrical Inspector.
- Section 23a of the State Construction Code Act of 1972, 1972 PA 230, MCL 125.1523(A), prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of Section 23a are subject to civil fines.
- Electronic Submissions: By submitting this application and typing your signature (or digitally affixing your signature to this application by other means), you verify and agree that it will be legally binding and enforceable and the legal equivalent of your handwritten signature, pursuant to the Uniform Electronic Transmissions Act, PA 305 of 2000, MCL 450.831 et. seq.
