Property Info

Flesher Field is a popular destination for field games and family gatherings. It's also Oshtemo's community gathering space and home to 'Music in the Park' and other outdoor festivals. Park improvements were funded by a grant from the Michigan Natural Resources Trust Fund with financial support from the Oshtemo Rotary Club, the Consumers Sunburst Run, and Oshtemo Township.

In addition to the wide-open lawn area for field games, Flesher Field is home to 12 acres of woodlands with walking paths. The woodlands feature a canopy of white oaks interspersed with red and black oaks and hickory trees and support many species of wildlife, especially birds and butterflies.
